

THAW ESCAPES
FROM ASYLUM

Slayer of Stanford White in Sensational Getaway.

DASHES THROUGH OPEN GATE

Noted Prisoner Slips Past Guard When Milkman Enters Enclosure and Jumps Into Powerful Auto Waiting Outside—Machine at Once Speeds for Connecticut State Line, Only Thirty Miles Away.

Matteawan, N. Y., Aug. 18.—Harry K. Thaw, slayer of Stanford White, escaped from the hospital for the criminal insane here.

A dart for liberty through an open gate, a dash into the open door of a powerful automobile that stood on the curbing outside and flight like a rocket for the Connecticut state line, thirty miles away, accomplished his escape.

He is still at large and the hospital authorities feel certain he is outside the state. Once beyond its boundaries

© 1912 by American Press Association.
HARRY K. THAW.

ries Thaw is free. Only years of litigation can bring him back and then only in one event—that he be adjudged insane in the state to which he fled.

Five Confederates Man Cars.

Five confederates manned the car in which Thaw escaped and a big black limousine which trailed it past the asylum gate. The police have their license and the names under which they registered at a local hotel Friday night and are seeking them.

The hospital authorities believe Thaw has fled to the shore of Long Island sound and boarded a yacht waiting with steam up to rush him to Europe.

A reward of \$500 for Thaw's apprehension has been offered by Dr. R. F. C. Keib, superintendent of the asylum.

Howard H. Barnum, the attendant at the gate past whom Thaw flashed in his break for freedom, is under arrest. Other arrests are expected to follow in the rigid investigation begun by Dr. Keib.

The shades were drawn in the dormitories and the inmates were asleep when Thaw left his room. He was fully dressed. The milkman's cart was rumbling on the road outside as he walked through the storehouse and into the outer courtyard of the grounds.

Barnum, sole attendant at the road gate, was pacing back and forth when Thaw closed the storehouse door behind him and apparently did not grasp the significance of Thaw's early rising.

Long years of residence at the asylum and repeated declarations by Thaw that he would never attempt to obtain his freedom except by legal means had established the madman's status as a "trusty."

Guard Had No Suspicion.

There was little out of the ordinary in his appearance, even at so early an hour, in the courtyard and if Barnum saw him he raised no question.

A six-cylinder touring car of sixty-horse power, followed by a limousine, also black, loomed lazily along the road as the milkman drew near the gate.

Thaw standing a few feet away, apparently unconcerned, waited till Barnum unlocked the gate and swung it wide to let the milkman enter.

At the same moment the two cars drew up on the further side of the road, opposite the gate and stood still, their engines throbbing.

As Barnum stepped aside for the milkman to drive inside the grounds he heard the gravel crunch beneath Thaw's feet and, looking up, saw the madman flash past him for one of the waiting cars.

With a shout Barnum started in pursuit, but a flying leap landed Thaw safe within the car. The wheels were turning before the keeper had fairly reached the roadway. They were throwing up a cloud of dust before he had gone twenty-five feet.

Down the roadway the cars sped in a whirling of dust that quickly blotted them from sight. For a moment Barnum shaded his eyes with his hand and watched them; then, with the

first blot on his career of twenty years as a keeper, he dashed back into the grounds and locked the gate. "Thaw's gone—escaped!" he shouted, bursting into Dr. Keib's presence. And in a moment the hunt was on. The great black car flashed like lightning through Stormville, ten miles east of Matteawan, along the road to the Connecticut line.

EVELYN THAW FEARS
ATTEMPT ON HER LIFE

New York Police Guard Hotel Where She Is Staying.

New York, Aug. 18.—Uninformed police guard every entrance to the hotel where Evelyn Nesbit Thaw is staying.

Always fearful of her husband she showed her terror to a marked degree on learning that he was at large. Her mother, Mrs. Charles J. Holman, was frightened even more than she and urged Mrs. Thaw to go into seclusion until Thaw is found.

"Harry has threatened to kill me," Mrs. Thaw said, "and I believe my presence in New York prompted him to escape. Four years ago he told me, 'I suppose I'll have to kill you next.' 'Many men will have cause for fear now that he is free. He considers Dr. Austin Flint his worst enemy and undoubtedly will try to make trouble for him."

"The state of New York has a great deal to answer for in this case. What Harry Thaw has been allowed to do at Matteawan is an outrage to think of—bribery connived at and keepers bullied by all the power of his money. And now he is allowed to escape. I suppose \$20,000 or \$30,000 look pretty good to some people."

THAW APPEARS TO BE SAFE

District Attorney Says He Cannot Be Extradited.

New York, Aug. 18.—District Attorney Whitman said that inasmuch as there is no indictment pending against Thaw, nothing could be done to extradite him.

"The jury acquitted Thaw of the murder of Stanford White on the ground that he was insane," Mr. Whitman said. "He was locked up at Matteawan then, but the act of acquittal abolished any indictment against him in New York county for the crime. Consequently he cannot be extradited and the district attorney of New York county has no official interest in the matter."

NEW YORK POLICE WATCHFUL

10,000 Patrolmen Given Harry Thaw's Description.

New York, Aug. 18.—New York's 10,000 policemen have orders to arrest Harry K. Thaw on sight.

A general alarm for his apprehension was sent out to every precinct in the city. The police acted on request of the Matteawan asylum authorities. Here is the description of Thaw as sent out by the police:

"Height, 5 feet 11½ inches; weight, 168 pounds; brown hair and eyes; dark complexion."

The clothing worn by Thaw at the time of his escape was not described.

AFTER INSURANCE AGENTS

Wisconsin Industrial Commission Investigating Charges.

Madison, Wis., Aug. 17.—It became known here that the industrial commission had begun an investigation of charges of rate cutting on the part of a Wisconsin liability insurance agent.

The penalty for such a violation of law is severe and the insurance commissioner has full authority to revoke the license of the insurance company and the agent if the charges are upheld.

Under the amended workmen's compensation law all insurance companies are required to adhere strictly to the rates filed with the commission. This provision went into effect Aug. 1, and within ten days the commission received its first complaint.

Letters from several employers indicate that some insurance agents are given to misstatements regarding the amended compensation act.

CORN BELT DROUTH BROKEN

Showers Over Most of Kansas Too Late to Help Crop.

Kansas City, Aug. 18.—Heavy showers over most of the eastern half of Kansas added to the relief and it is believed the drouth is now effectually broken.

The rains came too late to be of much benefit to the corn that has withered with two months of dryness and hot winds, except for fodder, but forage and alfalfa crops will be greatly helped. The rains also will refill the ponds with water for stock.

The rains were local in character, but indications were for more rain in most sections. With the rains came cooler temperatures all over the state, breaking the long stretch of hundred-degree weather that prevailed during this month and part of July.

JUDGE D. CADY HERRICK.

Will Be Sulzer's Chief Legal Aid in His Impeachment Fight.

OUTLINES TERMS OF BILL

Minnesota Governor Urges Control of Public Utilities.

St. Paul, Aug. 18.—In his "keynote" speech on state control of public utilities in St. Paul Governor A. O. Eberhart outlined for the first time the terms of the public utilities bill which he will urge the legislature to pass at the coming extra session. His plan, briefly, is as follows:

Increase the present railroad commission from three to five members, make it appointive by the governor for long terms and give it control of railroads and all other public utilities.

Adopt the Wisconsin law into the Minnesota statutes, with some modifications.

Give the five commissioners large salaries and provide for a staff of experts and other employees, under civil service.

Retain a certain measure of local control for the municipalities.

RESCUER BECOMES VICTIM

Kansas Man Dies Trying to Take Brother to Safety.

Altamont, Kan., Aug. 18.—James Hammond, twenty-six years old, lost his life in an attempt to save his older brother, Wallace, from asphyxiation at the bottom of a forty-foot well. Wallace had lowered himself to clean the well. His brother, at the top, soon heard groans. James made repeated calls for help and then lowered himself into the well. He, too, was overcome. Neighbors soon arrived, but the younger brother was dead when taken out. Wallace probably will recover.

THREE OMAHA FIREMEN HURT

Blaze in Business District Causes Loss of \$200,000.

Omaha, Aug. 18.—A loss of \$200,000 and three firemen injured was the result of a fire near the heart of the business district which threatened the whole business block.

Captain John P. Engle was the most seriously hurt of the firemen. He was knocked from a ladder and sustained a fractured skull.

The fire was the result of spontaneous combustion in the rear of Burgess-Granden company, an electrical and gas fixture house.

FIREMAN KILLED.

Grand Island, Neb., Aug. 18.—Tony Fleischer, a fireman, was killed and about \$70,000 in property was destroyed by fire. The fire threatened to traverse the heart of the railroad section. Fleischer was the only support of a widowed mother.

JOHNSTON DEATH
RAISES PROBLEM

No Provision For Filling Alabama Senate Vacancy.

DEMOCRATS NEED THE VOTE

Veterans of the Civil War Disappearing From Halls of Congress—Only Six of the Blue and Five of the Gray Are Left in the Senate—Bob Henry Tying With Woman Suffrage.

By ARTHUR W. DUNN.

Washington, Aug. 18.—[Special.]—Why cannot the lawyers of congress write intelligent laws? That question is never answered. Although four-fifths of the legislators are lawyers, they do not make laws which can be construed without great difficulty.

A case in point is in regard to the vacancy caused by the death of Senator Johnston of Alabama. The lawyers who framed and voted for the seventeenth amendment under which senators are now elected do not seem to be able to tell what that amendment means in the first real test which comes under it.

Heretofore governors could fill senatorial vacancies by appointment. The new amendment clumsily provides that the governor must call a special election or the legislature may empower him to fill the vacancy. But Alabama has made no provision for electing senators, hence it is claimed nothing can be done. Maryland also has a complication, both of which will be thrashed out after long debates in the senate.

Want the Vote.

What makes the Alabama case particularly interesting is the fact that the Democrats want that vote in passing the tariff bill. They had only two majority before with the Louisiana senators against them, now they have only one majority, and some Democrats may take it into his head to demand something, which the majority will not give, and turn against the bill. There is not much possibility of that happening, yet the Democratic leaders are somewhat nervous and would like to have the Alabama vacancy filled.

Blue and the Gray.

The civil war veterans are disappearing. The death of Senator Johnston of Alabama takes one more from the senate. At present there are six Union and five Confederate soldiers in the senate. The six are Warren of Wyoming, Nelson of Minnesota, D. P. of Delaware, Bradley of Kentucky, Works of California and Goff of West Virginia. The five are Bacon of Georgia, Martin of Virginia, Bankhead of Alabama, Thornton of Louisiana and Catron of New Mexico. Bradley ran away to the war and was taken back by his father. Martin was a Virginia cadet. Catron is a Republican.

Toying With Suffrage.

As chairman of the rules committee Bob Henry has an opportunity to toy with woman suffrage. They have been trying to have a committee on woman suffrage appointed in the house. Such a committee was named twenty-five years ago in the senate in order to give one of the older minority senators a chairmanship.

It continued as a minority committee until the present congress, when the woman suffragist senators stole a march on the others, made it a majority committee, put Charles Thomas of Colorado at its head and named a majority of both parties as members. That committee reported out the constitutional amendment for woman suffrage. Now the suffragists want a like committee in the house, and Bob Henry is coyly toying with the subject.

Luck With the Democrats.

Congressman Ragsdale of South Carolina was determined to make a speech in the house attacking the administration currency bill. He was urged by all his friends and leading members of the house not to make the speech, but to let the caucus settle the matter. But he would not yield. He was scheduled for a speech on the day Senator Johnston of Alabama died. The house adjourned, and Ragsdale put his speech on ice, where it will remain.

Alabama Guesses.

Much interest is manifested in the Alabama senatorial contest because there are four possibilities now members of the house, Clayton, Hefflin and Hobson being active candidates and friends of Underwood urging him to take the place. The demand for Underwood comes from those opposed to Hobson, who fear that he may be able to defeat almost any other man. "If the opposition to Hobson should be divided between candidates," remarked a man familiar with Alabama affairs, "Hobson will surely win."

Block Pension Bills.

Senator Bryan of Florida and Senator Hoke Smith of Georgia were seen standing side by side the other day, and it developed that they were again blocking pension bills. Although the house has determined not to attempt any general legislation this session, the senate committees have been meeting and reporting bills, among them a number of pension bills. These were held up by the two southern senators and may not be allowed to pass.

An Easy Matter.

"I want a man of deeds for my hand," "I want no man of a real estate dealer?"—Baltimore American.

LIEUT. COL. GAILLARD.

Man Who Dug Famous Cut in Panama Canal Breaks Down.

Lieutenant Colonel David Du Bois Gaillard, corps of engineers, U. S. A., who since the army took over the construction of the Panama canal in 1906 has been the engineer officer in charge of the central division of that great work, a division that includes the world famed Culebra cut arrived in New York on the Panama liner Advance suffering from a severe nervous collapse due to his arduous work of seven years in the canal zone.

MINOT PRISONERS
ON HUNGER STRIKE

I. W. W. Men Adopt English Suffragist Tactics.

Minot, N. D., Aug. 18.—The forty prisoners in the bull pen arrested in the I. W. W. outbreaks on the streets of Minot are imitating the militant suffragettes in England, having started a hunger strike.

It began when the authorities offered them bean sandwiches and coffee. The prisoners hurled the food at the officers who were serving them, plastering them in the face with beans and soiling their clothes. The prisoners drew their sticks and threatened to club them.

A number of Industrial Workers started to speak on Main street, but officers broke up the meeting with clubs, not arresting any more owing to overcrowded jails. Many prisoners who have expressed the desire to work have been released, bringing the total jail population down to ninety.

HERR BEBEL IS CREMATED

Twenty Thousand Socialists Attend the Last Rites.

Zurich, Switzerland, Aug. 18.—August Bebel, the German Socialist leader, was given an impressive funeral. Twenty thousand Socialists followed the body from the city hall, where it had lain in state, to the cemetery, where it was cremated.

The streets through which the procession passed were crowded. A majority of the Socialist members of the German reichstag and representatives of the Socialist party from most of the nations of the world attended the funeral. Morris Hillquit of New York represented the United States.

The ashes of Herr Bebel were placed beside those of his wife, who died a few years ago.

CHOKES TO DEATH.

Sioux Falls, S. D., Aug. 18.—The lodging of a piece of peanut shell in her throat caused the death by strangulation of Virgil Quickstad, the nineteen-month-old daughter of Mr. and Mrs. S. N. Quickstad, prominent residents of Deuel county.

TO PICK CAMPAIGN LEADER

Call Issued for Republican Caucus on Aug. 26.

Washington, Aug. 18.—A call was issued to Republican senators and representatives to caucus in the house chamber Tuesday night, Aug. 26, to elect a new national Republican congressional committee.

The new committee will meet soon after Wednesday and choose its chairman and other officers. Representative Burke of South Dakota, acting chairman of the congressional committee, has served notice that he will not accept the chairmanship.

Representative Madden of Illinois and other veterans in congress have been mentioned as possibilities for the executive head.

Plot to Murder Kitchener.

London, Aug. 18.—The Daily Express asserts that the government has adopted precautions in consequence of the discovery of another conspiracy in Egypt to murder Lord Kitchener, British agent and consul general in Egypt.

EXPECT MEXICAN

GO GLIMMERING

Members of Congress Becoming Reconciled to Fate.

TARIFF AND CURRENCY BILLS

Leaders in Both Houses Declare That Monetary Legislation Will Be Acted Upon After the Tariff Measure Is Out of the Way Even if the Session Runs Up to the Regular Opening in December.

Washington, Aug. 18.—Congress having yielded to President Wilson, its members are becoming reconciled to blasted vacation hopes and settling down to complete the tariff revision with deliberation and to take up currency reform without undue haste.

When the special session will be ready to adjourn has ceased to be a subject of speculation. No one pretends to hazard any more guesses and leaders in both houses declare that currency legislation is to be completed even if it is necessary to run right up to the regular session in December.

Senator Gallinger, speaking in the tariff debate of the necessity for Republicans to debate certain proposed rates at length, was asked if he had sent home for his winter clothes. He answered with an affirmative nod.

About 11:59 p. m., on Nov. 30, Speaker Clark is writing friends who ask him about adjournment.

With the administration currency bill still in the Democratic caucus of the house, Speaker Clark issued a statement in which he asserted that the bill would be sent to the senate early in September with solid Democratic support.

Representative Henry, chairman of the house rules committee, also issued a statement relating to the hesitancy of some Democrats to accept the bill as now written. Indications that the senate Democrats propose to make a bill of their own are increasing and efforts to commit them to any currency bill or definite policy failed at the caucus last Thursday.

Father and Sons Drown.

Glasgow, Mo., Aug. 18.—L. L. Cook and his two sons, Raymond and Jewel, were drowned in the Missouri river here. The father was teaching his son Raymond to swim, but was taken with cramps. Jewel went to the assistance of his father and brother.

Wilson and Bryan Awaiting Answer to Note.

SITUATION IS MORE HOPEFUL

President and Secretary of State Gratified at the Fact That Envoy Lind Has Established Diplomatic Relations With the Huerta Government.

Washington, Aug. 18.—The Mexican situation continued apparently unchanged with President Wilson and Secretary Bryan awaiting the Huerta government's reply to the preliminary note delivered by John Lind to Foreign Minister Gamboa outlining the position of the United States.

Mr. Bryan let it be known that he expected no reply for a day or two. The fact that Envoy Lind had established relations with the Huerta government through Minister Gamboa, following reported declarations which almost threatened the deportation of President Wilson's personal representative, leads officials here to take a more hopeful view of the situation.

Representatives of the constitutionalists here are watching developments with the keenest interest. If Huerta is disposed to accept the part of the American proposal looking to elections that element may come into the negotiations.

As the Mexican constitution prohibits the holding of a general election during a period of insurrection, to comply with President Wilson's desire for a free and fair election something could be done to induce the constitutionalists to consent to a truce.

The reopening of telegraphic communication between Juarez and the city of Chihuahua was announced to the state department by receipt of a message from American Consul Letcher, confirming the previous report from the consul at Juarez of the safety of the American Hulse family, whose perilous situation led Senator Penrose to address the senate last Friday.

THAW'S MOTHER IS PLEASED

Does Not Conceal Satisfaction Over Son's Escape.

New York, Aug. 18.—Harry K. Thaw's mother, Mrs. Mary Copley Thaw, did not attempt to conceal her satisfaction over her son's escape when talking with reporters at the hotel where she arrived from her summer home at Crasson, Pa.

"If this means that Harry is getting away entirely I am not sorry," she exclaimed when informed by her daughter, Mrs. George Carnegie, who was the first of the family here to receive the news.

"This is a complete surprise to me," she declared. "I was on my way to see Harry. Mr. and Mrs. Carnegie just arrived here from Spitzbergen, and of course could know nothing of Harry's plan to leave Matteawan."

GLYNN WILL PROBE ESCAPE

Acting Governor Promises Thorough Investigation.

Albany, N. Y., Aug. 18.—Telegrams were sent by Martin H. Glynn as acting governor to John B. Riley, superintendent of state prisons, and to Dr. Keib, superintendent of the Matteawan state hospital, asking for immediate information concerning the escape of Harry K. Thaw.

"I am going to demand a rigid investigation of this affair," said Mr. Glynn. "It is a serious matter."

The Matteawan state hospital is under the jurisdiction of the state department of prisons. Inasmuch as Superintendent Riley is an appointee of Governor Sulzer there was speculation in official circles as to whether the superintendent would recognize Mr. Glynn as acting governor and reply to the message.

CANADA WATCHES FOR THAW

To Be Nabbed at Border or Sent Back From Dominion.

Ottawa, Ont., Aug. 18.—Canadian authorities were notified from the United States that Harry K. Thaw, who escaped from an asylum, was reported to be heading for Canada.

An order was issued to every Dominion immigration inspector to examine all trains and to have international highways watched for automobiles.

If Thaw is caught at the border he will be held there and if he succeeds in getting by the border he will be sent back as an undesirable.

MISSIONARY SLAIN IN ASIA

Rev. Charles V. Holbrook Killed in Asiatic Turkey.

Constantinople, Aug. 16.—The Bible house received a telegram representing that Rev. Charles V. Holbrook, a missionary, had been shot and killed at Sousehir, a village eighty miles east of Sivas, a town of Asiatic Turkey, 425 miles from Constantinople. Mr. Holbrook, at the time of his death, was on an excursion with American teachers belonging to the Sivas school. Details of the shooting are lacking.

THAW ESCAPES
FROM ASYLUM

Slayer of Stanford White in Sensational Getaway.

DASHES THROUGH OPEN GATE

Noted Prisoner Slips Past Guard When Milkman Enters Enclosure and Jumps into Powerful Auto Waiting Outside—Machine at Once Speeds for Connecticut State Line, Only Thirty Miles Away.

Matteawan, N. Y., Aug. 18.—Harry K. Thaw, slayer of Stanford White, escaped from the hospital for the criminal insane here.

A dart for liberty through an open gate, a dash into the open door of a powerful automobile that stood on the curbing outside and flight like a rocket for the Connecticut state line, thirty miles away, accomplished his escape.

He is still at large and the hospital authorities feel certain he is outside the state. Once beyond its boundaries

© 1912, by AMERICAN PRESS ASSOCIATION.
HARRY K. THAW.

ries Thaw is free. Only years of litigation can bring him back and then only in one event—that he be adjudged insane in the state to which he has fled.

Five Confederates Man Cars.

Five confederates manned the car in which Thaw escaped and a big black limousine which trailed it past the asylum gate. The police have their license and the names under which they registered at a local hotel Friday night and are seeking them.

The hospital authorities believe Thaw has fled to the shore of Long Island sound and boarded a yacht waiting with steam up to rush him to Europe.

A reward of \$500 for Thaw's apprehension has been offered by Dr. R. F. C. Kelb, superintendent of the asylum.

Howard H. Barnum, the attendant at the gate past whom Thaw flashed in his break for freedom, is under arrest. Other arrests are expected to follow in the rigid investigation begun by Dr. Kelb.

The shades were drawn in the dormitories and the inmates were asleep when Thaw left his room. He was fully dressed. The milkman's cart was rumbling on the road outside as he walked through the storeroom and into the outer courtyard of the grounds.

Barnum, sole attendant at the road gate, was pacing back and forth when Thaw closed the storeroom door behind him and apparently did not grasp the significance of Thaw's early rising.

Long years of residence at the asylum and repeated declarations by Thaw that he would never attempt to obtain his freedom except by legal means had established the madman's status as a "trustee."

Guard Had No Suspicion.

There was little out of the ordinary in his appearance, even at so early an hour, in the courtyard and if Barnum saw him he raised no question.

A six-cylinder touring car of sixty-horse power, followed by a limousine, also black, loafed lazily along the road as the milkman drew near the gate. Thaw standing a few feet away, apparently unconcerned, waited till Barnum unlocked the gate and swung it wide to let the milkman enter.

At the same moment the two cars drew up on the further side of the road, opposite the gate and stood still, their engines throbbing.

As Barnum stepped aside for the milkman to drive inside the grounds he heard the gravel crunch beneath Thaw's feet and, looking up, saw the madman dash past him for one of the waiting cars.

With a shout Barnum started in pursuit, but a flying leap landed Thaw safe within the car. The wheels were turning before the keeper had fairly reached the roadway. They were throwing up a cloud of dust before he had gone twenty-five feet.

Down the roadway the cars sped in a whirling of dust that quickly blotted them from sight. For a moment Barnum shaded his eyes with his hand and watched them; then, with the

first blot on his career of twenty years as a keeper, he dashed back into the grounds and locked the gate. "Thaw's gone—escaped!" he shouted, bursting into Dr. Kelb's presence. And in a moment the hunt was on.

The great black car flashed like lightning through Stormville, ten miles east of Matteawan, along the road to the Connecticut line.

EVELYN THAW FEARS
ATTEMPT ON HER LIFENew York Police Guard Hotel
Where She Is Staying.

New York, Aug. 18.—Uninformed police guard every entrance to the hotel where Evelyn Nesbit Thaw is staying.

Always fearful of her husband she showed her terror to a marked degree on learning that he was at large. Her mother, Mrs. Charles J. Holman, was frightened even more than she and urged Mrs. Thaw to go into seclusion until Thaw is found.

"Harry has threatened to kill me," Mrs. Thaw said, "and I believe my presence in New York prompted him to escape. Four years ago he told me, 'I suppose I'll have to kill you next.' 'Many men will have cause for fear now that he is free. He considers Dr. Austin Flint his worst enemy and undoubtedly will try to make trouble for him.'"

"The state of New York has a great deal to answer for in this case. What Harry Thaw has been allowed to do at Matteawan is an outrage to think of—bribery connived at and keepers bullied by all the power of his money. And now he is allowed to escape. I suppose \$20,000 or \$30,000 look pretty good to some people."

THAW APPEARS TO BE SAFE

District Attorney Says He Cannot Be
Extradited.

New York, Aug. 18.—District Attorney Whitman said that, inasmuch as there is no indictment pending against Thaw, nothing could be done to extradite him.

"The jury acquitted Thaw of the murder of Stanford White on the ground that he was insane," Mr. Whitman said. "He was locked up in Matteawan then, but the act of acquittal abolished any indictment against him in New York county for the crime. Consequently he cannot be extradited and the district attorney of New York county has no official interest in the matter."

NEW YORK POLICE WATCHFUL

10,000 Patrolmen Given Harry Thaw's
Description.

New York, Aug. 18.—New York's 10,000 policemen have orders to arrest Harry K. Thaw on sight.

A general alarm for his apprehension was sent out to every precinct in the city. The police acted on request of the Matteawan asylum authorities. Here is the description of Thaw as sent out by the police:

"Height, 5 feet 11 1/2 inches; weight, 166 pounds; brown hair and eyes; dark complexion."

The clothing worn by Thaw at the time of his escape was not described.

AFTER INSURANCE AGENTS

Wisconsin Industrial Commission In-
vestigating Charges.

Madison, Wis., Aug. 17.—It became known here that the industrial commission had begun an investigation of charges of fraud cutting on the part of a Wisconsin liability insurance agent. The penalty for such a violation of law is severe and the insurance commissioner has full authority to revoke the license of the insurance company and the agent if the charges are upheld.

Under the amended workmen's compensation law all insurance companies are required to adhere strictly to the rates filed with the commission. This provision went into effect Aug. 1, and within ten days the commission received its first complaint.

Letters from several employers indicate that some insurance agents are given to misstatements regarding the amended compensation act.

CORN BELT DROUTH BROKEN

Showers Over Most of Kansas Too
Late to Help Corn Crop.

Kansas City, Aug. 18.—Heavy showers over most of the eastern half of Kansas added to the relief and it is believed the drouth is now effectually broken.

The rains came too late to be of much benefit to the corn that has withered with two months of dryness and hot winds, except for fodder, but forage and alfalfa crops will be greatly helped. The rains also will refill the ponds with water for stock.

The rains were for more rain in most sections. With the rains came cooler temperatures all over the state, breaking the long stretch of hundred-degree weather that prevailed during this month and part of July.

Aid in His Impeachment Fight.

OUTLINES TERMS OF BILL

Minnesota Governor Urges Control of
Public Utilities.

St. Paul, Aug. 18.—In his "keynote" speech on state control of public utilities in St. Paul Governor A. O. Elbert outlined for the first time the terms of the public utilities bill which he will urge the legislature to pass at the coming extra session. His plan, briefly, is as follows:

Increase the present railroad commission from three to five members, make it appointive by the governor for long terms and give it control of railroads and all other public utilities. Adopt the Wisconsin law into the Minnesota statutes, with some modifications.

Give the five commissioners large salaries and provide for a staff of experts and other employees, under civil service.

Retain a certain measure of local control for the municipalities.

RESCUER BECOMES VICTIM

Kansas Man Dies Trying to Take
Brother to Safety.

Altamont, Kan., Aug. 18.—James Hammond, twenty-six years old, lost his life in an attempt to save his older brother, Wallace, from asphyxiation at the bottom of a forty-foot well. Wallace had lowered himself to clean the well. His brother, at the top, soon heard groans. James made repeated calls for help and then lowered himself into the well. He, too, was overcome. Neighbors soon arrived, but the younger brother was dead when taken out. Wallace probably will recover.

THREE OMAHA FIREMEN HURT

Blaze in Business District Causes Loss
of \$200,000.

Omaha, Aug. 18.—A loss of \$200,000 and three firemen injured was the result of a fire near the heart of the business district which threatened the whole business block.

Captain John F. Engle was the most seriously hurt of the firemen. He was knocked from a ladder and sustained a fractured skull.

The fire was the result of spontaneous combustion in the rear of Burgess-Granden company, an electrical and gas fixture house.

FIREMAN KILLED.

Grand Island, Neb., Aug. 18.—Tony Fleischer, a fireman, was killed and about \$70,000 in property was destroyed by fire. The fire threatened to traverse the heart of the railroad section. Fleischer was the only support of a widowed mother.

JOHNSTON DEATH
RAISES PROBLEMNo Provision For Filling Ala-
bama Senate Vacancy.

DEMOCRATS NEED THE VOTE

Veterans of the Civil War Disappearing From Halls of Congress—Only Six of the Blue and Five of the Gray Are Left in the Senate—Bob Henry Toying With Woman Suffrage.

By ARTHUR W. DUNN.

Washington, Aug. 18.—[Special.]—Why cannot the lawyers of congress write intelligent laws? That question is never answered. Although four-fifths of the legislators are lawyers, they do not make laws which can be construed without great difficulty.

A case in point is in regard to the vacancy caused by the death of Senator Johnston of Alabama. The lawyers who framed and voted for the seventeenth amendment under which senators are now elected do not seem to be able to tell what that amendment means in the first real test which comes under it.

Heretofore governors could fill senatorial vacancies by appointment. The new amendment clumsily provides that the governor must call a special election or the legislature may empower him to fill the vacancy. But Alabama has made no provision for electing senators, hence it is claimed nothing can be done. Maryland also has a complication, both of which will be thrashed out after long debates in the senate.

Want the Vote.

What makes the Alabama case particularly interesting is the fact that the Democrats want that vote in passing the tariff bill. They had only two majority before with the Louisiana senators against them, now they have only one majority, and some Democrats may take it into his head to demand something, which the majority will not give, and turn against the bill. There is not much possibility of that happening, yet the Democratic leaders are somewhat nervous and would like to have the Alabama vacancy filled.

Blue and the Gray.

The civil war veterans are disappearing. The death of Senator Johnston of Alabama takes one more from the senate. At present there are six Union and five Confederate soldiers in the senate. The six are Warren of Wyoming, Nelson of Minnesota, D. P. Point of Delaware, Bradley of Kentucky, Works of California and Goff of West Virginia. The five are Bacon of Georgia, Martin of Virginia, Bankhead of Alabama, Thornton of Louisiana and Catron of New Mexico. Bradley ran away to the war and was taken back by his father. Martin was a Virginia cadet. Catron is a Republican.

Toying With Suffrage.

As chairman of the rules committee Bob Henry has an opportunity to toy with woman suffrage. They have been trying to have a committee on woman suffrage appointed in the house. Such a committee was named twenty-five years ago in the senate in order to give one of the older minority senators a chairmanship.

It continued as a minority committee until the present congress, when the woman suffragist senators stole a march on the others, made it a majority committee, put Charles Thomas of Colorado at its head and named a majority of both parties as members. That committee reported out the constitutional amendment for woman suffrage. Now the suffragists want a like committee in the house, and Bob Henry is coyly toying with the subject.

Luck With the Democrats.

Congressman Raggsdale of South Carolina was determined to make a speech in the house attacking the administration currency bill. He was urged by all his friends and leading members of the house not to make the speech, but to let the caucus settle the matter. But he would not yield. He was scheduled for a speech on the day Senator Johnston of Alabama died. The house adjourned, and Raggsdale put his speech on ice, where it will remain.

Alabama Guesses.

Much interest is manifested in the Alabama senatorial contest because there are four possibilities now members of the house, Clayton, Hedlin and Hobson being active candidates and friends of Underwood urging him to take the place. The demand for Underwood comes from those opposed to Hobson, who fear that he may be able to defeat almost any other man. "If the opposition to Hobson should be divided between candidates," remarked a man familiar with Alabama affairs, "Hobson will surely win."

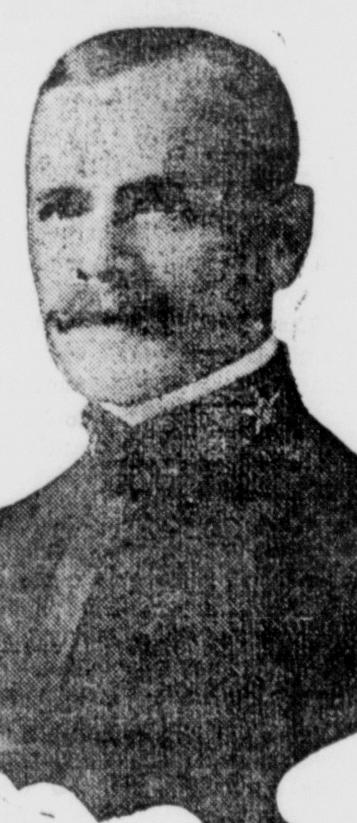

Block Pension Bills.

Senator Bryan of Florida and Senator Hoke Smith of Georgia were seen standing side by side the other day, and it developed that they were again blocking pension bills. Although the house has determined not to attempt any general legislation this session, the senate committees have been meeting and reporting bills, among them a number of pension bills. These were held up by the two southern senators and may not be allowed to pass.

An Easy Matter.

"I want a man of deeds for my husband." "Why not marry a real estate dealer?"—Baltimore American.

LIEUT. COL. GAILLARD.

Man Who Dug Famous Cut in
Panama Canal Breaks Down.

Lieutenant Colonel David Du Bois Gaillard, corps of engineers, U. S. A., who since the army took over the construction of the Panama canal in 1906 has been the engineer officer in charge of the central division of that great work, a division that includes the world famed Culebra cut arrived in New York on the Panama liner Advance suffering from a severe nervous collapse due to his arduous work of seven years in the canal zone.

MINOT PRISONERS
ON HUNGER STRIKEI. W. W. Men Adopt English
Suffragist Tactics.

Minot, N. D., Aug. 18.—The forty prisoners in the bull pen arrested in the I. W. W. outbreaks on the streets of Minot are imitating the militant suffragettes in England, having started a hunger strike.

It began when the authorities offered them bread and butter and coffee. The prisoners buried the food at the officers who were serving them, plastering them in the face with beans and soiling their clothes. The prisoners were cowed when the officers drew their sticks and threatened to club them.

A number of industrial workers started to speak on Main street, but officers broke up the meeting with clubs, not arresting any more owing to overcrowded jails. Many prisoners who have expressed the desire to work have been released, bringing the total jail population down to ninety.

HERR BEBEL IS CREMATED

Twenty Thousand Socialists Attend
the Last Rites.

Zurich, Switzerland, Aug. 18.—August Bebel, the German Socialist leader, was given an impressive funeral. Twenty thousand Socialists followed the body from the city hall, where it had lain in state, to the cemetery, where it was cremated.

The streets through which the procession passed were crowded. A majority of the Socialist members of the German reichstag and representatives of the Socialist party from most of the nations of the world attended the funeral. Morris Hillquit of New York represented the United States.

The ashes of Herr Bebel were placed beside those of his wife, who died a few years ago.

CHOKES TO DEATH.

Sioux Falls, S. D., Aug. 18.—The lodging of a piece of peanut shell in her throat caused the death by strangulation of a young girl, the daughter of Mr. and Mrs. S. N. Quickstad, prominent residents of Deuel county.

TO PICK CAMPAIGN LEADER

Call issued for Republican Caucus on
Aug. 26.

Washington, Aug. 18.—A call was issued to Republican senators and representatives to caucus in the house chamber Tuesday night, Aug. 26, to elect a new national Republican congressional committee.

The new committee will meet soon after Wednesday and choose its chairman and other officers. Representative Burke of South Dakota, acting chairman of the congressional committee, has served notice that he will not accept the chairmanship.

Representative Madden of Illinois and other veterans in congress have been mentioned as possibilities for the executive head.

Plot to Murder Kitchener.

London, Aug. 18.—The Daily Express asserts that the government has adopted precautions in consequence of the discovery of another conspiracy in Egypt to murder Lord Kitchener, British agent and consul general in Egypt.

TARIFF AND CURRENCY BILLS

Leaders in Both Houses Declare That Monetary Legislation Will Be Acted Upon After the Tariff Measure Is Out of the Way Even if the Session Runs Up to the Regular Opening in December.

Washington, Aug. 18.—Congress having yielded to President Wilson, its members are becoming reconciled to blasted vacation hopes and settling down to complete the tariff revision with deliberation and to take up currency reform without undue haste.

When the special session will be ready to adjourn has ceased to be a subject of speculation. No one pretends to hazard any more guesses and leaders in both houses declare that currency legislation is to be completed even if it is necessary to run right up to the regular session in December.

Senator Gallinger, speaking in the tariff debate of the necessity for Republicans to debate certain proposed rates at length, was asked if he had sent home for his winter clothes. He answered with an affirmative nod.

About 11:59 p. m., on Nov. 30, Speaker Clark is writing friends who ask him about adjournment.

With the administration currency bill still in the Democratic caucus of the house, Speaker Clark issued a statement in which he asserted that the bill would be sent to the senate early in September with solid Democratic support.

Representative Henry, chairman of the house rules committee, also issued a statement relating to the hesitancy of some Democrats to accept the bill as now written. Indications that the senate Democrats propose to make a bill of their own are increasing and efforts to commit them to any currency bill or definite policy failed at the caucus last Thursday.

Father and Sons Drown.

Glasgow, Mo., Aug. 18.—L. L. Cook and his two sons, Raymond and Jewel, were drowned in the Missouri river here. The father was teaching his son Raymond to swim, but was taken with cramps. Jewel went to the assistance of his father and brother.

Self Composed.

recover his property. In the event that the carbons cannot be delivered for any reason, he wants judgment for their value \$850 and \$100 damages.—Duluth Herald.

Rukard Hurd, of St. Paul, secretary of and Samuel Lord, of St. Paul and J. G. Arnsen, of Stillwater, members of the Minnesota Tax commission, were in Brainerd today on their way to Crosby and other points on the Cuyuna iron range. They were accompanied by F. A. Wildes, of Hibbing, state inspector of mines. Secretary Hurd said this was the annual inspection of the mining country made by the state tax commission. After visiting the Cuyuna range, they will inspect the Vermillion and Mesabi ranges to ascertain the latest developments.

RAISE ORE ASSESSMENTS

State Tax Commission Will Inspect Iron Ranges in Northern Minnesota, Raise Expected

The St. Paul Pioneer Press says that considerable increase in the assessment of iron ore properties in Northern Minnesota is expected to result from the annual inspection of the district next week by the members of the state tax commission, J. G. Arnsen, Samuel Lord and O. M. Hall. The members depart Sunday evening for Brainerd and several days will be spent on the Cuyuna range.

It is this Cuyuna property that will come in for the largest valuation boosts. Up to recently the range has not been producing any considerable quantity of ore and the commission has felt that it would not be just to make a heavy assessment. Now, however, many of the properties have begun to ship, some in large quantities, and as a result it is believed that a material boost will be made.

The ore land valuation for 1912 was \$259,418,277, or 22.55 per cent of the total real property assessments in the state.

After visiting the Cuyuna range an inspection of the Mesabi properties will be made. The Vermillion range, adjacent to Tower and Ely, will be last inspected.

DELEGATES BEING ELECTED

More Than One Hundred Women Will Attend Brainerd Meeting of Womens Clubs

The St. Paul Pioneer Press says: The clubs of this district are appointing their delegates to the annual meeting of the Minnesota Federation of Women's club held at Brainerd on September 23, 24 and 25.

The Guild of Catholic Women has appointed as delegates Mrs. M. J. Donnelly, Mrs. H. T. Quinlan and Mrs. E. J. Donohue, and Mrs. M. J. McFadden, Mrs. John Donohue and Miss Mabel Cooper as alternates.

The Women's Civic league will be represented by Mrs. William Logue and Mrs. P. N. Cardoo. Mrs. Logue also will represent the Lower Town Mothers' club, and will read a paper on "The Home" which is to be part of the convention program.

The Brainerd women are perfecting their plans for the entertainment of delegates to the convention. It is estimated that St. Paul clubs will send a delegation of more than 100.

The Brainerd local committees have been appointed. The Ladies Musical club is the only federated club in the city, and its members will act as hostesses. Mrs. H. I. Cohen is president of the club; Mrs. D. M. Clark, vice president; Miss Millicent Mahlum, recording secretary; Mrs. D. A. Haggard, corresponding secretary; Mrs. F. A. Farrar, treasurer, and Miss Winnifred Small, assistant treasurer.

The chairmen of the Brainerd committees are: Federation, Mrs. H. I. Cohen; music, Mrs. W. A. M. Jounstone; general reception, Mrs. Walter Courtney; credentials, Mrs. C. M. Patek; hall, Mrs. B. J. Broady; decorations, Mrs. Werner Hemstead; printing, Miss Winnifred Small; reception, Mrs. F. S. Parker; entertainment, Mrs. C. D. Johnson; ushers, Mrs. Charles W. Hoffman, and information, Mrs. C. B. White.

Delegates will be entertained at the home of Brainerd women.

EXAMINATION FOR POSTMASTER

Civil Service Test Will Decide Who is Eligible to Positions at Merrifield and Ft. Ripley

The United States Civil Service commission announces that on September 27 an examination will be held at Brainerd, as a result of which it is expected to make certification to fill a contemplated vacancy in the position of fourth class postmaster at Merrifield, and other vacancies as they may occur at that office, unless it shall be decided in the interests of the service to fill the vacancy by reinstatement. The compensation of the postmaster at this office was \$264.00 for the last fiscal year.

An examination will also be held for the position of postmaster at Ft. Ripley under the same conditions and at the same time. The salary of the Ft. Ripley postmaster was \$485.

Age limit, 21 years and over on the date of the examination, with the exception that in a state where women are declared by statute to be of full age for all purposes at 18 years, women 18 years of age on the date of the examination will be admitted.

Applicants must reside within the territory supplied by the post office for which the examination is announced.

The examination is open to all citizens of the United States who can comply with the requirements.

Application forms and full information concerning the requirements of the examination can be secured from the postmaster at Merrifield and the local secretary at Brainerd, or from the U. S. Civil Service commission, Washington, D. C.

Applications should be properly executed and filed with the commission at Washington at least 7 days before the date of the examination, otherwise it may be impracticable to examine the applicants.

THE QUESTION OF TWO TELEPHONES

Some Expressions From the Cities Which Have Had Such Experience

WHAT PORTLAND HAS TO SAY

From the Spectator, Portland, Ore.—One Telephone System Sufficient

In every important city on the coast and in the country, the people have decided that one telephone system is enough; that two systems simply mean a double tax on the business man or householder. Sooner or later, Portland will reach this decision, too.

Two telephone systems are as economically wasteful as would be two street car systems whose lines parallel each other, and which have the same starting places and termini.

The people of Portland are paying a double telephone tax in the name of something that they have been taught to believe is competition. But there is no competition in the telephone service. Competition means reduced cost to the consumer and higher efficiency in the producer. We have neither reduced cost nor higher efficiency.

The people are paying 75 per cent. more for their telephone service today than they did when we had but one system. This is economic waste of such reckless sort that if it were practiced in other things besides the telephone, the business men of Portland would all be bankrupt in three months.—Advt.

The daughter of A. Mitchell, Bagdad, Ky., had a bad case of kidney trouble and they feared her health was permanently impaired. Mr. Mitchell says: "She was in terrible shape but I got her to take Foley Kidney Pills and now she is completely cured." Women are more liable to have kidney trouble than men and will find Foley Kidney Pills a safe dependable and honest medicine. For sale by H. P. Dunn.—Adv. mwf

Rukard Hurd, of St. Paul, secretary of and Samuel Lord, of St. Paul and J. G. Arnson, of Stillwater, members of the Minnesota Tax commission, were in Brainerd today on their way to Crosby and other points on the Cuyuna iron range. They were accompanied by F. A. Wildes, of Hibbing, state inspector of mines. Secretary Hurd said this was the annual inspection of the mining country made by the state tax commission. After visiting the Cuyuna range, they will inspect the Vermillion and Mesabi ranges to ascertain the latest developments.

RAISE ORE ASSESSMENTS

State Tax Commission Will Inspect Iron Ranges in Northern Minnesota, Raise Expected

The St. Paul Pioneer Press say that considerable increase in the assessment of iron ore properties in Northern Minnesota is expected to result from the annual inspection of the district next week by the members of the state tax commission, J. G. Arnson, Samuel Lord and O. M. Hall. The members depart Sunday evening for Brainerd and several days will be spent on the Cuyuna range. It is this Cuyuna property that will come in for the largest valuation boosts. Up to recently the range has not been producing any considerable quantity of ore and the commission has felt that it would not be just to make a heavy assessment. Now, however, many of the properties have begun to ship, some in large quantities, and as a result it is believed that a material boost will be made.

The ore land valuation for 1912 was \$259,418,277, or 22.55 per cent of the total real property assessments in the state.

After visiting the Cuyuna range an inspection of the Mesabi properties will be made. The Vermillion range, adjacent to Tower and Ely, will be last inspected.

DELEGATES BEING ELECTED

More Than One Hundred Women Will Attend Brainerd Meeting of Womens Clubs

The St. Paul Pioneer Press says: The clubs of this district are appointing their delegates to the annual meeting of the Minnesota Federation of Women's club held at Brainerd on September 23, 24 and 25.

The Guild of Catholic Women has appointed as delegates Mrs. M. J. Donnelly, Mrs. H. T. Quinlan and Mrs. E. J. Donohue, and Mrs. M. J. McPadden, Mrs. John Donohue and Miss Mabel Cooper as alternates.

The Women's Civic league will be represented by Mrs. William Logue and Mrs. P. N. Cardoo. Mrs. Logue also will represent the Lower Town Mothers' club, and will read a paper on "Mothers' Clubs" in the symposium on "The Home" which is to be part of the convention program.

The Brainerd women are perfecting their plans for the entertainment of delegates to the convention. It is estimated that St. Paul clubs will send a delegation of more than 100.

The Brainerd local committees have been appointed. The Ladies Musical club is the only federated club in the city, and its members will act as hostesses. Mrs. H. I. Cohen is president of the club; Mrs. D. M. Clark, vice president; Miss Millicent Wahlum, recording secretary; Mrs. D. A. Haggard, corresponding secretary; Mrs. F. A. Farrar, treasurer, and Miss Winnifred Small, assistant treasurer.

The chairmen of the Brainerd committees are: Federation, Mrs. H. I. Cohen; music, Mrs. W. A. M. Joannet; general reception, Mrs. Walter Courtney; credentials, Mrs. C. M. Patek; hall, Mrs. B. J. Broady; decorations, Mrs. Werner Hemstead; printing, Miss Winnifred Small; reception, Mrs. F. S. Parker; entertainment, Mrs. C. D. Johnson; ushers, Mrs. Charles W. Hoffman, and information, Mrs. C. B. White.

Delegates will be entertained at the homes of Brainerd women.

EXAMINATION FOR POSTMASTER

Civil Service Test Will Decide Who is Eligible to Positions at Merrifield and Ft. Ripley

The United States Civil Service commission announces that on September 27 an examination will be held at Brainerd, as a result of which it is expected to make certification to fill a contemplated vacancy in the position of fourth class postmaster at Merrifield, and other vacancies as they may occur at that office, unless it shall be decided in the interests of the service to fill the vacancy by reinstatement. The compensation of the postmaster at this office was \$264.00 for the last fiscal year.

An examination will also be held for the position of postmaster at Ft. Ripley under the same conditions and at the same time. The salary of the Ft. Ripley postmaster was \$485.

Age limit, 21 years and over on the date of the examination, with the exception that in a state where women are declared by statute to be of full age for all purposes at 18 years, women 18 years of age on the date of the examination will be admitted.

Applicants must reside within the territory supplied by the post office for which the examination is announced.

The examination is open to all citizens of the United States who can comply with the requirements.

Application forms and full information concerning the requirements of the examination can be secured from the postmaster at Merrifield and the local secretary at Brainerd, or from the U. S. Civil Service commission, Washington, D. C.

Applications should be properly executed and filed with the commission at Washington at least 7 days before the date of the examination, otherwise it may be impracticable to examine the applicants.

COMMITTS SUICIDE IN FIT OF ANGER

George McDonald, Aged 18, Swallowed Bottle of Carbolic Acid on Laurel Street Saturday

LAD DIES IN TEN MINUTES

George Sylvester Knocks Phial From His Hands and is Himself Badly Burned

In a fit of anger caused by difficulties with relatives, George McDonald, aged 18, on Saturday evening committed suicide on South Laurel street near the National hotel by swallowing carbolic acid. The lad died in ten minutes.

George Sylvester had met him at the hotel and upon leaving it and walking a few steps, McDonald said: "Let's go home." He boarded at the home of Mrs. Julia Sylvester, 219 Second street south.

Sylvester saw him raise a bottle to his lips and smelled the carbolic acid. He slapped the two ounce phial away and some of the contents splashed over Sylvester's face, burning it severely and nearly blinding his right eye.

George Lyons and George Shanks came to his help when McDonald toppled over. The latter jumped to his feet again and said: "Let me go boys."

They carried him to Johnson's drug store and Drs. Reimstad, Thabes and others who were called worked to save him, but to no avail. The young man passed away in ten minutes.

He had boarded with his sister, Mrs. Jessie Parent. Having some argument with them, he left them and sought board at the home of Mrs.

THAW ESCAPES, MAY BE AT SEA

New York, August 18—Although Harry K. Thaw is reported to have been seen in half of the cities and villages of New England, according to messages received by the police, the slayer of Stanford White, who made a melodramatic escape from Matteawan state hospital for the criminal insane, today was utterly lost to those seeking him.

The authorities hold to the theory that Thaw made for some point on Long Island sound and boarded an ocean-going yacht that either would take him to another port or transfer him to another liner.

Sylvester, going there Friday. Mr. Parent had him posted so that no liquor should be sold him.

Dr. C. A. Nelson, the coroner, was called and pronounced it a case of suicide.

The body lies at the morgue of D. M. Clark & Co. McDonald was employed by the Brainerd Ice company and had made many friends by his courteous ways and strict attention to business. They all regret the temporary insanity which obsessed him and caused him to do away with himself.

AT STATE FAIR

Northwestern Plainsmen, New Fraternal Order, to Have Tent at Fair

The Northwestern Plainsmen have arranged for a tent at the Minnesota State fair. Leaders of the movement will give talks and as many signatures as possible of Woodmen attending the fair will be secured to the petitions for the new order.

BRAINERD SHUTS OUT THE DECKERTS

Fast Game of Ball Replete With Hard Hitting and Superb Fielding on Part of Locals

COOK PITCHES A FINE GAME

Allows But 3 Hits and Strikes Out 13 Men—His Curves and Slow Ball Fooled Them

Brainerd shut out the much vaunted St. Joe Deckerts, of Minneapolis, considered one of the speediest teams in the northwest and the champions of the Twin Cities, by a 5 to 0 score Sunday afternoon.

Cook, of Brainerd, had a lot of stuff on the ball and pitched the game of his life. His fast ball with a heart-breaking curve and the fadeaway which he springs on a change of pace puzzled the St. Joe people and 13 of their batters, unlucky number, made a swipe at the ball and connected with nothing. Cook was ably backed up by the veteran backstop, Bud Roderick, and he nailed every ball even if it buried in the dirt near the plate. Cook came very near making it a no hit, no run game. But three hits were made off his delivery. In the sixth inning Thaw got to first on a high throw from Kingen, third baseman, and Jensen walked to first. With these two holding down the bags, Cook showed what he could do in a pinch. He calmly hitched up his belt and struck out West, Barrett and Dean. The crowd gave him generous applause for his performance. And when it came to base running Cook was on the job too. He got 2 runs, and also made 1 hit and 3 assists.

Krey was played at shortstop and although he made no showing at bat he played a sensational game in the field. He made a fine pickup of a grounder sizzling to him in the third inning, made a high jump and a one hand catch of a hot liner in the fifth and in the ninth backed up Kingen, nailed the ball he deflected and whipped it to first checking Pickering there.

The innings in which Brainerd scored were the first, sixth and seventh. In the first Larson made first and on Lauerman's drive was forced out at second. Lauerman stole second. Krey struck out. Cook hit safely and scored Lauerman and later scored himself on St. Joe errors. Roderick was put out at first. In the sixth Krey struck out, Cook made two bases on first base error, Roderick's slam into center was dropped by Barrett who slipped in the wet grass and the play scored Cook. Victor hit and reached first and Roderick slid for home but was caught at the plate. Bush's hit to right field scored Victor. Bush died on bases when Kingen went out on first. In the seventh Sheffield got a hit and made first. Larson fouled. Sheffield stole second. When Lauerman tore down the path for first Sheffield made for third. Lauerman was put out (Continued on page 4)

MACKMEN BOW TO CLEVELAND NAPS

Cleveland, Ohio, Aug. 16—The Naps swamped the Athletics in today's game, winning 10 to 1. This makes two out of three from the Mackmen in the present series. Home runs by Chapman and Jackson featured the game. Jackson's homer went over the forty-foot screen in right center. Chapman scored two men besides himself.

Bush was taken out in the seventh inning and Wyckoff substituted. Bush made a three-base hit and struck out 3. He gave 2 bases on balls. Wyckoff gave 2 passes and struck out 1. Three errors were made by Schang.

RANGE SHIPMENTS INCREASE ON N. P.

Ironton Car Will be Loaded Mondays, Wednesdays and Fridays of Each Week

REFRIGERATOR DAY ON WED.

Straight Deerwood Car Freight Made up as Usual Every Day of the Week

Freight shipments have so increased to Ironton and the Cuyuna range, that the Northern Pacific railway has announced that a straight Ironton car will be loaded three times each week, being Mondays, Wednesdays and Fridays. Ironton freight will be accepted only on these days.

Wednesday will be refrigerator day and on that day all perishable freight will be received.

The straight Deerwood car freight is made up every day, as usual.

Kidney Trouble Began With a Lame Back

"MICHAEL'S"

Speedwells 6, Ironton 1

The Brainerd Speedwells in a well matched game yesterday defeated the Ironton team, by a score of 6 to 1. The batteries for the Speedwells were Butkie and Fricker. Butkie pitched a good game, striking out 15 men and allowing only 2 hits.

Ironton, at its last game, beat the Speedwells 3 to 1 three weeks ago and this victory evened up matters and shows that the Speedwells are the better team of the two.

A company of fans took the Merry Widow train in the morning and saw the game. Alderman Stallman, Mr. Frank Sundine, George I. Reid, and others were interested spectators at the game.

Loerch 4, N. E. Brainerd 3

Loerch beat the Northeast Brainerd team 4 to 3 on its home grounds in Loerch. Alver Johnson, catcher of the Northeast Brainerds while warming up before the game and catching for two pitchers, was struck in the jaw by a ball and for a time thought his jaw was broken by the impact. Loerch wants a game with the Speedwells.

Marriage Licenses

August 12, Percy S. Taylor and Sallie N. Thomas.

August 13, Theodore Nesheim and Louise Nelson.

August 15, William Cuff and Jessie Doust.

COMMITTS SUICIDE IN FIT OF ANGER

George McDonald, Aged 18, Swallowed Bottle of Carbolic Acid on Laurel Street Saturday

LAD DIES IN TEN MINUTES

George Sylvester Knocks Phial From His Hands and is Himself Badly Burned

In a fit of anger caused by difficulties with relatives, George McDonald, aged 18, on Saturday evening committed suicide on South Laurel street near the National hotel by swallowing carbolic acid. The lad died in ten minutes.

George Sylvester had met him at the hotel and upon leaving it and walking a few steps, McDonald said: "Let's go home." He boarded at the home of Mrs. Julia Sylvester, 219 Second street south.

Sylvester saw him raise a bottle to his lips and smelled the carbolic acid. He slapped the two ounce phial away and some of the contents splashed over Sylvester's face, burning it severely and nearly blinding his right eye.

George Lyons and George Shank came to his help when McDonald toppled over. The latter jumped to his feet again and said: "Let me go boys."

They carried him to Johnson's drug store and Drs. Reimstad, Thabes and others who were called worked to save him, but to no avail. The young man passed away in ten minutes.

He had boarded with his sister, Mrs. Jessie Parent. Having some argument with them, he left them and sought board at the home of Mrs.

QUICKLY STOPS THE WORST BACKACHE

Makes Kidney Troubles, Bladder Disorders, and Rheumatic Pains Vanish

If you suffer with backaching kidney trouble, have disagreeable bladder and urinary disorders, or are tortured with rheumatism, stiff joints, and its heartwrenching pains, the new discovery, Hindipo, will quickly and surely relieve all such troubles.

Hindipo is the most wonderful remedy yet devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such troubles. It is entirely different from all other remedies. It acts on the principal of cleaning out the poisons and removing the cause.

It soaks right in through the walls, membranes and linings, like water in a sponge, neutralizes, dissolves, and makes the kidneys sift out and filter away all the uric acid and poisons from the blood, and leaves the kidneys and urinary organs clean, strong, healthy and well.

It matters not how long you have suffered, how old you are, or what you have used, the very principle of Hindipo is such, that it is practically impossible to take it into the human system without results. There is nothing else on earth like it. It starts to work the minute you take it and relieves you the first time you use it.

If you suffer with pains in your back and sides or have any signs of kidney-bladder troubles or rheumatism, such as puffy swellings under the eyes or in the feet and ankles, if you are nervous, tired or run down, or bothered with urinary disorders, Hindipo will quickly relieve you of your misery. An original package of Hindipo costs but a trifle, and all druggists are authorized to return the purchase price if it fails in a single case.—Adv.

Forest Fires Beyond Control.
Seward, Alaska, Aug. 18.—Forest fires are raging in the vicinity of Nenah lake, twenty-five miles from Seward. A high wind is blowing and the fire is beyond control. Three miles of the Alaska Northern track were damaged by the fire, which is said to have started from a camp fire.

BRAINERD SHUTS OUT THE DECKERTS

(Continued from page three)

at first and taking advantage of O'Shea's high throw to third Sheffield slid for home and landed with a run. Sheffield made a good showing this game. He caught West's fly in his territory in center field, he got a hit as the crowd wanted him to and he brought in his contribution of a run and safely deposited it at the plate just before Krey flew out to left field.

Rain drizzled down during the most of the innings. The fact that the grandstand held a good crowd and that the bleachers were well filled and that many with umbrellas lined the field is proof positive that the fans are with the team and that a good game draws a crowd no matter what kind of weather is dished out.

Both teams had their troubles playing in the wet field and the pitchers had no easy time of it either. The game passed off without an argument of any kind and was a good exhibition of clean baseball, well played and finely contested.

"BRAINERD DAY" AT COUNTY FAIR

Pequot People Want Brainerd Commercial and Booster Clubs to Start Such Movement

CITY SHOULD ATTEND FAIR

Drummers and Merchants Ball Game For Friday, Sept. 19—Special Train For Day

The Crow Wing county fair at Pequot, September 17, 18 and 19 promises to be the biggest agricultural fair which the county has ever seen. In wealth of attractions and premium lists it is excelled by no other fair. Pequot people are anxious that Brainerd residents should see their fair and have urged upon the Commercial and Booster clubs the advisability of having one day of the fair set apart as "Brainerd Day," and the attendance should be large enough to warrant the securing of a special train to take up the local delegation.

Vice President Clouin in a conversation with Ed. Anderson stated he would like to see the Brainerd drummers play the Brainerd Merchants at the fair and Mr. Anderson is striving to have this feature duly arranged for. Friday seems to be the best day for most Brainerd people to attend the fair and if the attendance can be secured, Friday, September 17 will be "Brainerd Day" at the Pequot fair.

A large percentage of this county's people have no idea of the resources Crow Wing county possesses. A visit to the fair will open their eyes and the showing made in the exhibits will surprise them.

You who require the best and purest medicine see that you get Foley's Honey and Tar Compound in preference to any other for all coughs, colds, croup, asthma, hoarseness, tickling throat and other throat and lung troubles. It is a strictly high grade family medicine, and only approved drugs of first quality are used in its manufacture. It gives the best results, and contains no opiates.—For sale by H. P. Dunn.—Adv. mw

MUSIC AND DRAMA

"From Manger to Cross"

When the managers of the Kalem company conceived the idea of reproducing the life of Christ in pictures, they knew it would be an expensive undertaking, but had they thought it would cost more than \$250,000 it is quite likely they would never have started. Like nearly every big undertaking after the project was once under way numerous situations arose that had to be met or the project abandoned, for instance, after the natives of Palestine, where the pictures were made, found out the real meaning of this company of actors, they used every means known to the foreigner for extracting money from the American. Many of the scenes simply required the presence of several thousand natives for only a short time, but they demanded a full day's pay for each rehearsal, even though their presence was only required for an hour. The Kalem company is to be congratulated on the success of its achievement. The pictures will be shown at the Park opera house August 19 and 20 and already many theatre parties are being formed in the city to attend the performances.

"Shepherd of Hills"

There are many bits of excellent character drawing in "The Shepherd of the Hills," the dramatization of Harold Bell Wright's most widely read novel, which comes to the Brainerd opera house for an engagement Tuesday, August 26. It is a beautiful play filled with tears and laughter, one cannot help laughing or crying in turn, if his heart is right. The people that move within it are so human that the auditor will pick them out for like and dislike, as if he had really known them in flesh, rather than on the boards of the stage.

Prices 25, 50, 75 and \$1.00.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Cheney & Co., Toledo, O. Sold by Druggists. Take Hall's Catarrh Pills for constipation.

Sometimes the symptoms of kidney and bladder trouble are so plain no one can mistake them. Backache, weak and lame back with soreness over the kidneys, sharp pains, rheumatism, dull headache, and disturbed sleep, are all indications of a trouble that Foley Kidney Pills will relieve quickly and permanently. Try them. For sale by H. P. Dunn.—Adv. mw

GAME LAWS

About Training Dogs in the Fields—About Entering Growing Grain—Etc.

The Dispatch has been in receipt of numerous queries regarding game laws as they apply to the training of dogs, etc., and accordingly in answer to these questions and others Chapter 28 and 29 are reprinted from Minnesota Game Laws, a pamphlet printed by H. A. Rider, executive agent of the State Game and Fish Commission.

SEC. 28 SHOOTING WITH DOGS—(As amended 1911): No person shall hunt, pursue, catch, take or kill any of the animals in this chapter mentioned except game birds with any dog, or dogs. The use or running of either pointer, or setter dogs in fields or upon lands frequented by or in which game birds may be found, except from the fifteenth day of August to the first day of December each year, and the keeping and maintaining of any dog at or about any hunting camp or lumber camp used by hunters situated in any locality frequented by deer, moose or caribou is hereby prohibited and made unlawful. From the fifteenth day of August to the first day of September each year, it shall be unlawful to run or train pointer or setter dogs in the said fields or upon the said lands in case any shot gun, rifle or other firearm is in the possession of, or available for use by the owner, or person in possession, custody or control of said pointer or setter or in possession or available for use of anybody accompanying the said owner or person so in possession, custody or control.

Any dog or dogs used or attempted to be used in violation of any of the provisions of this section is hereby declared to be, and is a public nuisance, and it shall be lawful for any person to kill any dog or dogs so being or attempted to be used, provided, that in case of any violation of this section, the said pointer or setter, and the said gun or other firearm shall be liable for confiscation by any game warden or deputy game warden of this state.

SEC. 29. ENTERING GROWING GRAIN—No person shall at any time enter into any growing or standing grain not his own with intent to take or kill any bird or animal, nor permit any dog with which he shall be hunting to do so for such purpose, without permission from the owner or person in charge thereof. No person shall at any time enter upon any land not his own with intent to take or kill any birds or animals after being notified by the owner or occupant thereof not to do so. Such notice may be given orally or by posting written or printed notices to that effect, in the English language, in conspicuous places on the land so protected.

From Sec. 31.—But no person shall in any one day take or kill more than fifteen (15) birds or have in his possession at any time more than forty-five (45) turtle dove, prairie chicken, white-breasted or sharp-tailed grouse, quail, partridge, ruffed grouse or pheasant, woodcock, upland plover, golden plover or any or all of the same combined, or fifty (50) snipe, wild duck, goose, brant, or any variety of aquatic fowl, whatever, or any or all of the same combined.

Section 34 provides that every resident of the state over 21 years of age should procure a game bird license costing \$1 from the auditor of the county in which he resides, provided, however, that this shall not apply to any resident of the state hunting within his own county.

"Tales of Honey and Tar" From West and East

Wm. Lee, Paskenta, Calif., says: "It gives universal satisfaction and I use only Foley's Honey and Tar Compound for my children." E. C. Dunn.—Adv. mw

SPRUCE UP, OLD MEN.

Cultivate Neatness and Maintain a Youthful Spirit.

Neatness, bathing and massage are recommended to men past middle age who would avoid manifestations of decline. Dr. L. L. Nasher of Boston writes in the New York Medical Journal:

"The improvement in the general appearance has a profound psychic influence, not only directly through the stimulation of the sense of pride in appearance, but indirectly through the flattering comments which it arouses. This important measure is generally neglected by men, yet aside from the beneficial psychic influence, for aesthetic reasons alone the old man should endeavor to make himself appear as attractive as possible.

"This does not mean that he should resort to the artificial devices that middle aged and elderly women employ to enhance their charms. It does mean that he old man should stimulate the surface circulation by means of baths and massage; remove wrinkles and folds by instruction with animal fats; try to stimulate the growth of hair on the head and remove hair from abnormal situations as the ears, use a cane and wear braces to overcome the tendency to stoop, employ harmless cosmetic measures to improve his appearance, and, above all, observe a sense of neatness in dress.

"Instead of decrying such a course as vanity it should be encouraged as a laudable effort to maintain a youthful spirit."

QUICKLY STOPS THE WORST BACKACHE

Makes Kidney Troubles, Bladder Disorders, and Rheumatic Pains Vanish

If you suffer with backaching kidney trouble, have disagreeable bladder and urinary disorders, or are tormented with rheumatism, stiff joints, and its heartwrenching pains, the new discovery, Hindipo, will quickly and surely relieve all such troubles.

Hindipo is the most wonderful remedy yet devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such troubles. It is entirely different from all other remedies. It acts on the principal of cleaning out the poisons and removing the cause.

It soaks right in through the walls, membranes and linings, like water in a sponge, neutralizes, dissolves, and makes the kidneys sift out and filter away all the uric acid and poisons from the blood, and leaves the kidneys and urinary organs clean, strong, healthy and well.

It matters not how long you have suffered, how old you are, or what you have used, the very principle of Hindipo is such, that it is practically impossible to take it into the human system without results. There is nothing else on earth like it. It starts to work the minute you take it and relieves you the first time you use it.

If you suffer with pains in your back and sides or have any signs of kidney-bladder troubles or rheumatism, such as puffy swellings under the eyes or in the feet and ankles, if you are nervous, tired or run down, or bothered with urinary disorders, Hindipo will quickly relieve you of your misery. An original package of Hindipo costs but a trifle, and all druggists are authorized to return the purchase price if it fails in a single case.—Adv.

Forest Fires Beyond Control.
Seward, Alaska, Aug. 18.—Forest fires are raging in the vicinity of Nenah lake, twenty-five miles from Seward. A high wind is blowing and the fire is beyond control. Three miles of the Alaska Northern's track were damaged by the fire, which is said to have started from a camp fire.

BRAINERD SHUTS OUT THE DECKERTS

(Continued from page three)

at first and taking advantage of O'Shea's high throw to third Sheffield made a good showing this game. He caught West's fly in his territory in center field, he got a hit as the crowd wanted him to and he brought in his contribution of a run and safely deposited it at the plate just before Krey flew out to left field.

Rain drizzled down during the most of the innings. The fact that the grandstand held a good crowd and that the bleachers were well filled and that many with umbrellas lined the field is proof positive that the fans are with the team and that a good game draws a crowd no matter what kind of weather is dished out.

Both teams had their troubles playing in the wet field and the pitchers had no easy time of it either. The game passed off without an argument of any kind and was a good exhibition of clean baseball, well played and finely contested.

"BRAINERD DAY" AT COUNTY FAIR

Pequot People Want Brainerd Commercial and Booster Clubs to Start Such Movement

CITY SHOULD ATTEND FAIR

Drummers and Merchants Ball Game For Friday, Sept. 19—Special Train For Day

The Crow Wing county fair at Pequot, September 17, 18 and 19 promises to be the biggest agricultural fair which the county has even seen. In wealth of attractions and premium lists it is excelled by no other fair.

Pequot people are anxious that Brainerd residents should see their fair and have urged upon the Commercial and Booster clubs the advisability of having one day of the fair set apart as "Brainerd Day," and the attendance should be large enough to warrant the securing of a special train to take up the local delegation.

Vice President Clou in a conversation with Ed. Anderson stated he would like to see the Brainerd drummers play the Brainerd Merchants at the fair and Mr. Anderson is striving to have this feature duly arranged for Friday seems to be the best day for most Brainerd people to attend the fair and if the attendance can be secured, Friday, September 17 will be "Brainerd Day" at the Pequot fair.

A large percentage of this county's people have no idea of the resources Crow Wing county possesses. A visit to the fair will open their eyes and the showing made in the exhibits will surprise them.

You who require the best and purest medicine see that you get Foley's Honey and Tar Compound in preference to any other for all coughs, colds, croup, asthma, hoarseness, tickling throat and other throat and lung troubles. It is a strictly high grade family medicine, and only approved drugs of first quality are used in its manufacture. It gives the best results, and contains no opiates.—For sale by H. P. Dunn.—Adv. mwf

MUSIC AND DRAMA

"From Manger to Cross"

When the managers of the Kalem company conceived the idea of reproducing the life of Christ in pictures, they knew it would be an expensive undertaking, but had they thought it would cost more than \$250,000 it is quite likely they would never have started. Like nearly every big undertaking after the project was once under way numerous situations arose that had to be met or the project abandoned, for instance, after the natives of Palestine, where the pictures were made, found out the real meaning of this company of actors, they used every means known to the foreigner for extracting money from the American. Many of the scenes simply required the presence of several thousand natives for only a short time, but they demanded a full day's pay for each rehearsal, even though their presence was only required for an hour. The Kalem company is to be congratulated on the success of its achievement. The pictures will be shown at the Park opera house August 19 and 20 and already many theatre parties are being formed in the city to attend the performances.

"Shepherd of Hills"

There are many bits of excellent character drawing in "The Shepherd of the Hills," the dramatization of Harold Bell Wright's most widely read novel, which comes to the Brainerd opera house for an engagement Tuesday, August 26.

It is a beautiful play filled with tears and laughter, one cannot help laughing or crying in turn, if his heart is right. The people that move within it are so human that the auditor will pick them out for like and dislike, as if he had really known them in flesh, rather than on the boards of the stage.

Prices 25, 50, 75 and \$1.00.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced remedies, and by constantly failing to cure with local treatment, pronounced it to be a constitutional disease, and therefore required constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Cheney & Co., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

Sometimes the symptoms of kidney and bladder trouble are so plain no one can mistake them. Backache, weak and lame back with soreness over the kidneys, sharp pains, rheumatism, dull headache, and disturbed sleep, are all indications of a trouble that Foley Kidney Pills will relieve quickly and permanently. Try them. For sale by H. P. Dunn.—Adv. mwf

GAME LAWS

About Training Dogs in the Fields—About Entering Growing Grain—Etc.

The Dispatch has been in receipt of numerous queries regarding game laws as they apply to the training of dogs, etc., and accordingly in answer to these questions and others Chapters 28 and 29 are reprinted from Minnesota Game Laws, a pamphlet printed by H. A. Rider, executive agent of the State Game and Fish Commission.

SEC. 28 SHOOTING WITH DOGS.—(As amended 1911): No person shall hunt, pursue, catch, take or kill any of the animals in this chapter mentioned except game birds with any dog, or dogs. The use or running of either pointer, or setter dogs in fields or upon lands frequented by or in which game birds may be found, except from the fifteenth day of August to the first day of December each year, and the keeping and maintaining of any dog at or about any hunting camp or lumber camp used by hunters situated in any locality frequented by deer, moose or caribou is hereby prohibited and made unlawful. From the fifteenth day of August to the first day of September each year, it shall be unlawful to run or train pointer or setter dogs in the said fields or upon the said lands in case any shot gun, rifle or other firearm is in the possession of, or available for use by the owner, or person in possession, custody or control of said pointer or setter or in possession or available for use of anybody accompanying the said owner or person so in possession, custody or control.

Any dog or dogs used or attempted to be used in violation of any of the provisions of this section is hereby declared to be, and is a public nuisance, and it shall be lawful for any person to kill any dog or dogs so being or attempted to be used, provided, that in case of any violation of this section, the said pointer or setter, and the said gun or other firearm shall be liable for confiscation by any game warden or deputy game warden of this state.

SEC. 29. ENTERING GROWING GRAIN.—No person shall at any time enter into any growing or standing grain not his own with intent to take or kill any bird or animal, nor permit any dog with which he shall be hunting to do so for such purpose, without permission from the owner or person in charge thereof. No person shall at any time enter upon any land not his own with intent to take or kill any birds or animals after being notified by the owner or occupant thereof not to do so. Such notice may be given orally or by posting written or printed notices to that effect, in the English language, in conspicuous places on the land so protected.

From Sec. 31.—But no person shall in any one day take or kill more than fifteen (15) birds or have in his possession at any time more than forty-five (45) turtle dove, prairie chicken, white-breasted or sharp-tailed grouse, quail, partridge, ruffed grouse or pheasant, woodcock, upland plover, golden plover or any or all of the same combined, or fifty (50) snipe, wild duck, geese, brant, or any variety of aquatic fowl, whatever, or any or all of the same combined.

Section 34 provides that every resident of the state over 21 years of age should procure a game bird license costing \$1 from the auditor of the county in which he resides, provided, however, that this shall not apply to any resident of the state hunting within his own county.

The Attraction.

Advertising is such an art, says a publicity expert in the Washington Star, that many people actually buy periodicals as much for the advertisements as for the reading matter.

I sat in an editor's office the other day when a poet entered.

"Glad to see you've accepted that sonnet of mine," the poet said, feverishly pushing back his long hair. "I hope it will be widely read."

"It's sure to be," said the editor. "It's sure to be. I've placed it next to one of our most striking ads."

Bridging Space By Bell Telephone

It seems easy to get a clear line and have a telephone talk with parties in cities a thousand miles away; but it's no easy task for us.

We must keep two tracks—two wires—clear all the way for each patron. Each subscriber must have the exclusive right-of-way.

Like a Mighty Spider Web, Bell Lines Reach Out Nearly Everywhere.
